

FÖP - Public presentations of doctoral thesis projects VDS of Pharmaceutical, Nutritional and Sport Sciences

When: 17 June 2025, 08:30 - 13:00 CET

Hybrid: HS-4 in UZAll (Pharmaziezentrum) 1090 Vienna, and Moodle-Zoom

Chair: Elke HEISS, Pharmaceutical Sciences

Thesis Advisory Committee

08:30 Tarik ČERIMAGIĆ

Data Imputation Approaches for Missing Bioactivity Values of Compounds Across a Heterologous Target Space.

Gerhard ECKER
Sergey SOSNIN

09:00 Katharina RIFFELBERGER

Discovery and Characterisation of Natural Products as Ligands for Nuclear Receptors using Experimental and *In Silico* Approaches.

Verena DIRSCH
Johannes KIRCHMAIR

09:30 Daniel FOIL

Expanding the *in silico* toolbox for pesticide genotoxicity in regulatory toxicology.

Johannes KIRCHMAIR
Thierry LANGER

10:00 Izabela SKOWROŃSKA

Ecologically Benign Total Synthesis of Naturally Occurring C-Glycosidic compounds and Analogues.

Nina SCHÜTZENMEISTER
Sophia KHOM-STEINKELLNER
Christian DUCHO (Univ. Saarland)

FÖP - Public presentations of doctoral thesis projects, cont.

Chair: Barbara WESSNER, Sport Science

Thesis Advisory Committee

10:30 Nico GNEIST

Motive-Specific Training and Physiological Adaptation.

Peter GRÖPEL

11:00 Carmen GRÄF

The influence of maximum strength on start performance in swimming: An analysis of biomechanical parameters and training effects.

Arnold BACA
Klaus WIRTH and Markus
HOCHRAINER (FH Wiener
Neustadt)

11:30 David NADER

Performance Diagnostics in Elite Rowing: Physiological Demands of Beach Sprint Rowing.

Jürgen SCHARHAG
Gunnar Treff (PMU)
Rob ter Horst (MUW)

Chair: Jürgen KÖNIG, Nutritional Sciences

12:00 Anna Lena AUFSCHNAITER

Effects of shift work on body composition, sensory performance and appetite.

Karl-Heinz WAGNER
Marlies WALLNER (FH Joanneum)

12:30 Lara KESZLERI

Effects of dietary nitrate and exercise training on blood pressure, physical performance, and oxidative stress in postmenopausal women.

Oliver NEUBAUER
Daniel KÖNIG

13:00 End
